EDUCATION

Bachelor of Technology, Information Technology

ABES Institute of Technology

Jun 2026 | Ghaziabad

Dr. A.P.J. Abdul Kalam Technical University,
Uttar Pradesh, India

SKILLS

Java, JavaScript, SQL, VS Code, Git, GitHub, Figma, MySQL, React, Spring Boot, Node.js, Express.js, FastAPI, MS Excel, Data Structures & Algorithms, JSON, AJAX, Team Leadership, Project Management, Mentoring, Public Speaking, Event Organization, PHP, OOP with Java

Programming Languages: Java, JavaScript, SQL, PHP,

Developer Tools: VS Code, Git, GitHub, Figma, MySQL

Technologies/Frameworks: React, Spring Boot, Node.js, Express.js, FastAPI

Libraries/Tools: Data Structures & Algorithms, JSON, AJAX, Basic Prompt Engineering

Non-Technical Skills: Team Leadership, Project Management, Mentoring, Public Speaking, Event Organization, Ensured stakeholder clarity, Quickly learned new tools, Collaborated with diverse teams

INTERNSHIPS AND EXPERIENCES

React Developer Intern at Nebulyn

- Developed front-end components using React and collaborated with backend teams to integrate REST APIs.

React Native Developer Intern at RAASA KARTS

- Completed a 2-month internship building cross-platform mobile apps for Android and iOS using React Native and JavaScript. Developed and deployed a wallet feature used by 1,000+ customers, integrating RESTful APIs for real-time transactions and optimizing UI performance.

Data Analytics Trainee at CRC Department, ABESIT

- Completed a 1-month training program focused on data analytics fundamentals, gaining hands-on experience with Excel, SQL, and Tableau for data cleaning, transformation, and visualization. Built 3+ interactive dashboards in Tableau to analyze 5,000+ records, enabling faster insights and improving faculty decision-making efficiency.

Volunteering & Leadership

Public-Relation Head at WHITE-HAT COMMUNITY

- Served as PR head for 2 years and managed all social media handles and permissions.

Coordinator at Community LIGHT De Literacy (NGO)

- Actively leading awareness and educational initiatives aimed at under-privileged communities.

PROJECTS

Sync Master – College Event Management System

- Developed a web-based platform for colleges to manage event planning, room booking, approvals, and attendance through a centralized dashboard with role-based access control to minimize scheduling conflicts.

Drona-Acharya – Drone Research Collaboration Platform

- Developed a collaborative web platform for drone R&D enabling secure project sharing, multi-user collaboration, and mentorship, with blockchain integration for transparent ownership and tamper-proof contribution tracking.

Pinterest-Style Image Sharing Application

- Built a React-based image sharing application with responsive UI and component-based architecture, using REST APIs and React hooks for efficient state management.

Personal Developer Portfolio

- Designed and developed a responsive portfolio website to showcase projects, technical skills, and contact information, using reusable React components and modern UI practices.
